D.O.No. 16-6/2012-EE.14

Dated, 01st October, 2012

Dear Sh. Anathoon,

The School Education statistics is presently being collected separately through DISE and SEMIS for Elementary and Secondary sector. To avoid duplicity of efforts, the Ministry has decided to merge these two systems from the year 2012-13 onwards through U-DISE. This would ensure that one school fills up only one Data Capture Format and data is entered into single software. The Data Capture Format for collecting school information has been revised to encompass the information from Secondary and Higher Secondary schools.

2. You may also be aware that section 12(3) of the RTE Act required that *every school shall provide such information as may be required by the appropriate Government or the local authority, as the case may be.* However, it has been observed that some schools are not cooperating in making available the data in the manner prescribed under DISE/SEMIS. I would like to request you, therefore, to issue instructions to all the schools under your administrative control to provide data in the prescribed format to the officials deputed by the State Governments for this purpose.

3. I would be grateful if you could inform us of the steps taken in this regard at your end.

With regards,

Yours sincerely,

(Vrinda Sarup)
