

**Council for the Indian School Certificate Examinations, New Delhi**

**NOTICE INVITING TENDER**

**Automation of Evaluation of Answer Scripts at the Evaluation Centres**

The Council for the Indian School Certificate Examinations, New Delhi is looking to automate the evaluation process using the following technologies:

1. Handwriting Recognition Device to capture the marks written by the evaluator and conversion to text.
2. Tablet to sync the data captured by the Handwriting Recognition Device.
3. Online cloud based software to aggregate the data captured in all the evaluation centres located across the Country.
4. Database software to record all the entries in the format prescribed by the Council.

The number of evaluation centres across the Country is approximately six hundred, the number of evaluators is about 8500 evaluating approximately 25,00,000 answer scripts. The firm must be in a position to deploy technology experts in each of these evaluation centres to assist the evaluators to use the technology and update the data correctly.

Sealed quotations are invited from reputed firms who have the expertise in delivering handwriting recognition solutions. The sealed envelopes, super-scribed 'Automation of Evaluation', must be submitted to the office of the Council for the Indian School Certificate Examinations at P-35, 36, Sector 6, Pushp Vihar, Saket, New Delhi 110017, within one week of the date of publication of this advertisement.
