NOTICE

22nd March 2022

Online Training on ‘Digital Infrastructure for School Education – DIKSHA’

DIKSHA (Digital Infrastructure for Knowledge Sharing) is a national platform for school education, an initiative of National Council for Education Research and Training (NCERT), Ministry of Education. DIKSHA was developed based on the core principles of open architecture, open access, open licensing diversity, choice and autonomy. It is built on open-source technology, made in India and made for India, which incorporates internet scale technologies and enables several use-cases and solutions for teaching and learning.

In the context of COVID-19 related disruption of schooling, DIKSHA makes it possible for all states/UTs to enable learning/education at home through innovative state programs; hence leapfrogging the use of technology for the benefit of teachers and learners across India, DIKSHA is a warehouse of digital resources for various stakeholders.

CIET-NCERT is organizing a five-day online training on ‘**Digital Infrastructure for School Education – DIKSHA**’ from **21-25 March 2022** from **4.00 pm - 5.00 pm** daily to leverage the understanding of teachers, students, teacher educators, administrators, and other stakeholders of school education on the usage of DIKSHA in Teaching, Learning and Assessment. The online training will be live telecast on the **NCERT official YouTube channel-<https://www.youtube.com/c/NCERTOFFICIAL>, PMeVidya DTH TV Channels number 6-12** and some other selected channels.

If you have missed the live Sessions, you can watch the recording at the given link - <https://www.youtube.com/playlist?list=PLcsj1x9n9h4iexyaTOTuzBR5N8mEExMyd>

Participants will be required to register at - <https://forms.gle/Vsp2zsTtfu8fCeys5> to receive regular updates regarding the online training. At the end of the online training, participants will be required to participate in **Post session activity and assessment to get a certificate.**
